

South Dakota **Career Peeks**

Take a peek at . . .

Drafters make detailed drawings that show other workers exactly how to build buildings, houses, machinery and vehicles. They use computers and may also use a drafting board, compass and a triangle.

Find and count the number of shapes in the objects below that a drafter might draw. Write the number in the blank space.

How many **rectangles** can you find?

How many **triangles** can you find?

How many **circles** can you find?

Extra challenge: Use the back of this paper to draw a picture of something a drafter would draw, using as many circles, squares, triangles and rectangles as you can.

what you can become!
